STARKEY® HEARING TECHNOLOGIES ACCESSORIES

The easy-to-use Thrive Hearing Control app features universal Bluetooth® connectivity to our new line of patient-focused accessories. The Thrive app is available in the app stores for both iOS and Android™ users.

TV

Stream audio from a TV or other electronic audio source directly to Livio AI or Livio hearing aids. It offers excellent sound quality, and is easy to use.

Remote Microphone +

Easily stream from a variety of audio sources. This simple-to-use remote microphone offers the most capabilities available in any accessory.

Mini Remote Microphone

Enjoy one-on-one conversations in noisy environments with the small, easy-to-use Mini Remote Microphone. Clip it onto the clothing of the person you're talking to, or use it as a TV streamer by placing it near the speaker.

Remote

Our remote includes updated features so users can control memory and volume, mute their hearing aids or turn other features on and off.

SURFLINK™ ACCESSORIES

SurfLink Mini Mobile

Patients can stream calls via Bluetooth to their Muse iQ, Muse iQ R and wireless SoundLens Synergy iQ hearing aids.

SurfLink Remote Microphone 2

Stream audio directly to Muse iQ, Muse iQ R and wireless SoundLens Synergy iQ hearing aids or use to help patients in one-on-one conversations.

SurfLink Media 2

Just plug a TV, radio or MP3 player into SurfLink Media and rich, stereo sound is streamed directly to any SurfLink compatible hearing aids.

SurfLink Remote

Patients can control memory and volume adjustments and even adjust their hearing aids, or easily go in and out of streaming mode.

[3] CIC style only

[4] Only available in i2400/2400, 2000 and 1600 technology tiers
